

MOBILEUM

RoamWallet

Business Challenges

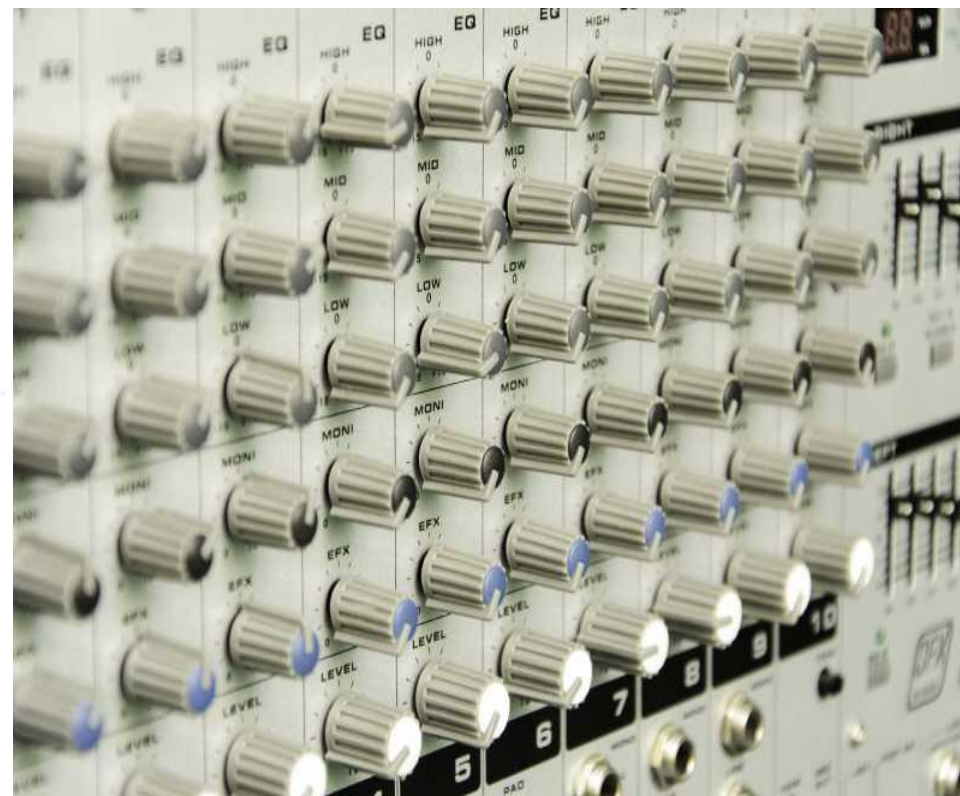

Incumbent billing systems are complex and lack flexibility

Operators face difficulties in launching new
Roaming Packs

Not easy to adapt to dynamic market
demands and regulations like RLAH

Cost of billing system upgrade is quite high

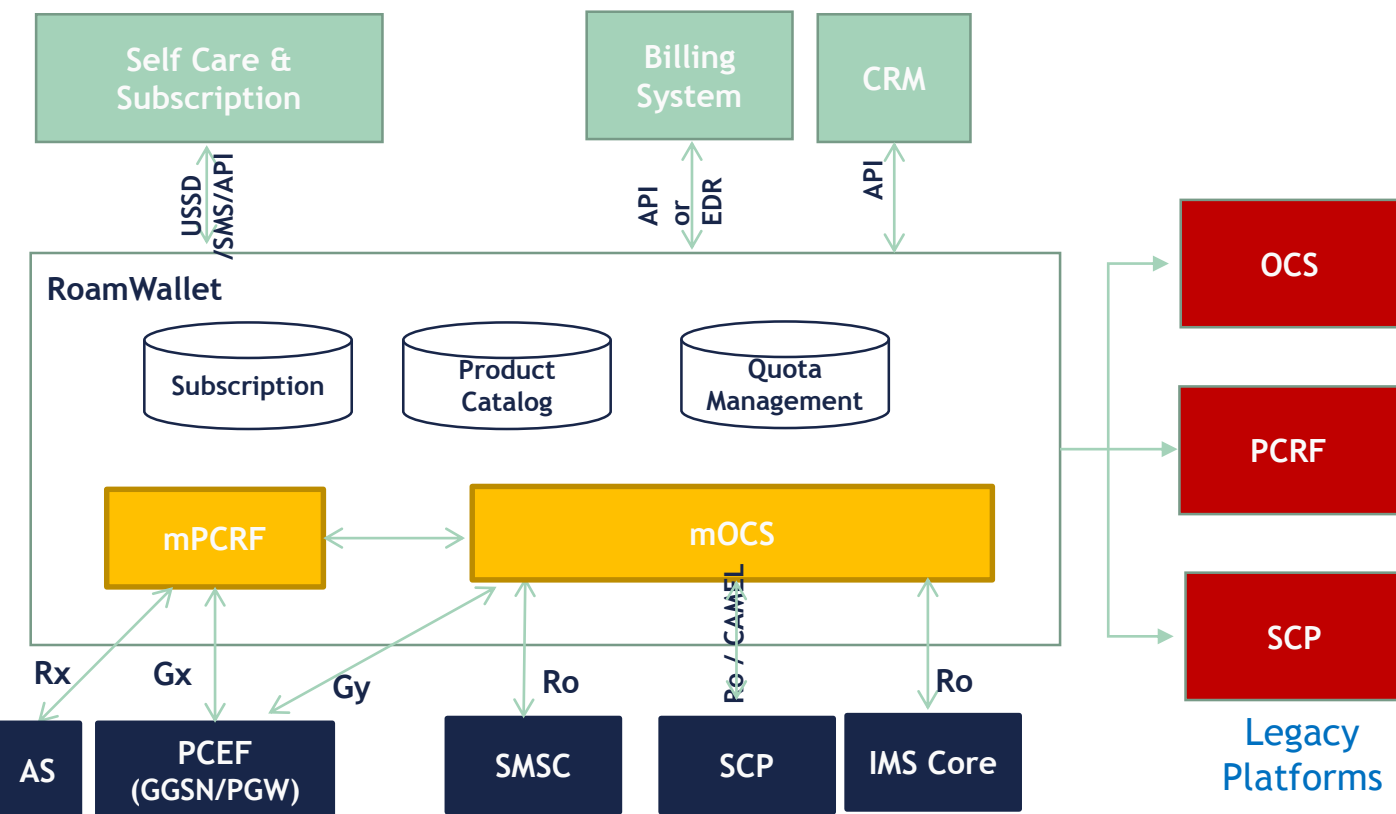

Legacy charging systems for Voice/SMS and
Data are working in silos.

RoamWallet For Pack Creation

A Convergent billing system to help operators in their digital transformation, and create new revenue streams quickly

Create Innovative Plans quickly via Centralized GUI

Roam Like At Home Plans (RLAH)

Build Your Own Plans

Other Plans : Group Plans, Enterprise Plans, Steering Linked Plans, Convergent Plan, DPI Based Plans and many more
